Market

600 Bn. EUR Market

To date, we have bought and sold more than 3 million cars from private customers using our platform, working our way to the top of the 600 billion European used car market.

Circular Economy

Our business model - trading in used cars in Europe, places our company in the circular economy. It plays an important role in reducing the environmental footprint of automobility in Europe. At the same time, it mitigates the sustainability risks traditionally associated with the automotive industry.

Footprint

We offer the largest selection of used cars in more than 30 countries, from more than 80 brands and in all price categories.

People

Over 6.000 talents help us everyday, to create a better used car industry in Europe.
